 (Vonage)

Greetings from Philadelphia! We just passed our halfway point of our 2 and a half month furlough. Lord willing, we will be returning to Mexico City the first week of August.

Furlough

We entered the US on May 26th. We will be in a total of 33 churches. God has blessed us with safety and some great meetings. We also were blessed to be home for Rebecca's sister's wedding and other family activities.

Our financial support has dropped a few hundred dollars since January due to the value of the dollar and in 4 years we have lost a few churches due to various reasons. Therefore we have been able to go to a handful of churches that do not support us in hope that they can take us on. One church has already promised us support.

Due to the short period of time home, we were unable to go to all our supporting churches, however next furlough the ones we didn't get to will have priority.

Mexico City News

The Mexico City government has passed new driving laws because of pollution. The new laws affect foreign plated vehicles the most. If your vehicle is (we believe) 7 years or newer you can drive daily however if not, with the new laws you can drive about half the time. We are still researching the law to know what to do concerning our vehicle. The pickup we have is 8 years old.

Church news & Health

We have been in contact with the Mexican pastor who is pastoring the church while we are gone and also with Dino the real faithful guy in the church. Things are going well although not without minor issues. Please pray the people would follow God and stay faithful no matter what leader is in charge.

I have been diagnosed with nasal polyps and a deviated septum (Crooked nose) which is causing major blockage. Surgery will likely be necessary. Thursday July 10th they will be taking a cat scan and then deciding what to do.

Van Project

We have 2 vans currently we are praying about. Both are in the range of approximately 4,000 USD and we have raised up 1,760.00. We are still short 2,240.00!! Could you send a gift so that we can pick up people for church? Would you please pray about sending a gift? Please send in our name marked van through Macedonia. PO Box 519 Braselton, Ga 30548. Thank you! Serving in a chief city
